

Jacqui Buckley

Jacqui Buckley (Konop) is from Munhall, PA and currently resides in West Mifflin. She graduated from IUP in 2004 and received her Master's degree from Chatham University in 2007. She was married on October 4, 2008 to Richard Buckley. In June 2009 she was diagnosed with Myelodysplastic Syndrome (MDS) which turned into Acute Myeloid Leukemia (AML) in 2010. She received a stem cell transplant in August 2010 and is currently doing well. Jacqui has worked at Western Psychiatric for six years and is looking forward to going back as soon as she can!
