

Shereen Rosenberg

Shereen became involved in Gilda's Club of W. PA as a volunteer a few months after it opened. She became interested because she knew it was a special place with a purpose and was something she could get excited about. Cancer has touched members of her family; had Gilda's existed in Pittsburgh when her Mother was living with cancer, she would have benefited immensely from its availability. Shereen had read Gilda Radner's book, [It's Always Something](#), years ago, and always had a special place in her heart for Gilda.

Shereen has spent many years in volunteer work throughout the community. She served on the board of the Parents' Association of Shady Side Academy for 15 years, including chairing and co-chairing special events; she has been on the Womens' Leadership Cabinet of the Jewish Federation of Pgh, chairing and co-chairing special events including leading a mission to Israel; she has chaired and co-chaired special events for the Pittsburgh Chapter of Hadassah. Shereen is a mother of two grown sons and is married to a local business man. She is a Realtor and a certified Personal Trainer as well as an all around sports enthusiast.

Shereen has found volunteering at Gilda's Club to be the most fulfilling of all the volunteer work with which she has been involved. She enjoys meeting and greeting the members and anyone who happens to walk through the red door when she is there.
